Dear Donors, Supporters and Friends:

Thanks to you, our donors, supporters and friends, we are pleased to report that the members of our eight (8) community foundation collaborative have been able to follow our mission by making significant grants to benefit our various Upper Peninsula communities. Each of our affiliate foundations are growing their assets and providing good stewardship for the gifts our donors have entrusted to us.

The Community Foundation of the Upper Peninsula Board of Trustees takes their fiduciary responsibility very seriously, not only because it's their legal obligation to do so, but just as importantly because they care very much about making grants so all of our citizens can have better lives.

Nothing that our affiliates accomplish would be possible without the generous support of our many donors. It is only through their philanthropy that allows us to provide economic support for a wide variety of projects and programs that make us all better. We "thank you" and wish all a safe & healthy 2020.

Most sincerely,

Will Carne, Sr.

MISSION STATEMENT

The mission of the Community Foundation of the Upper Peninsula is to enhance the quality of life in the Upper Peninsula of Michigan in those areas where affiliate partners are located.

The foundation will promote its own philanthropy and that of its geographic affiliate members through growth of permanent endowment funds from a wide range of donors, grants, and leadership activities, as well as promoting collaborative efforts of community foundations throughout the Upper Peninsula. The Community Foundation of the Upper Peninsula also provides financial, administrative, communication and other support services to its affiliate members and to other community foundations.

VARIANCE POWER

Through fund agreements, community foundations carry out donor's intentions. Over the course of time conditions change. Changes in law or other circumstances may make it impossible to carry out the fund's original purpose. In other cases, the needs that gave rise to the fund's creation may no longer exist. As a consequence, every community foundation is required to have a variance provision in its bylaws and every fund agreement. This provision permits the board of trustees to vary, when needed, from the donor's original stated purpose to a similar new purpose. This new purpose is as closely aligned to the donor's original intent as possible. A copy of the variance provision language is available.
